

src/rematch/parsing
/bad_regex_exception.hpp

```
graph TD; A["src/rematch/parsing  
/bad_regex_exception.hpp"] --> B["exception"]; A --> C["stdexcept"]; A --> D["string"];
```

The diagram illustrates the dependencies of the file `src/rematch/parsing/bad_regex_exception.hpp`. Three blue arrows point from the top box to three separate boxes below it, indicating that the top file includes or depends on the three bottom files.
